<b>TRANSMISSION</b>	Automatic
<b>COLOR</b>	Blue

**1970 Chevrolet Monte Car**

Two Owner Car Exceptionally Well Maintained  
 A Beautiful All Original Car  
 45K Original Miles Since New

This car presented at auction has a a long-term ownership record from two owners. Bought new in Denver, the original owner put 28,000 miles on the car over 22 years as curator. The second owner of over 25 years added only 17,000 miles while garage maintained in Montana.

Powering the car is a strong SBC 350 V8 mated to a TH350 Transmission. The car runs and drives like new and the factory A/C blows cold! Power Steering, Power Brakes and a comfortable interior makes this car a pleasure to drive.

The paint, bumpers, interior, glass, etc. are all original. The door panels show no wear, the seats the same. The dash is good and the upholstery shows very well. This is as fine a preserved Monte Carlo as you'll find!
