Sold! \$13,855

1967 Chevrolet Chevelle Malibu SS Tribute
VIN: 136177K132125

An attractive SS Tribute car with a purposeful stance and painted in an eye-catching orange, this 1967 Chevrolet Chevelle Malibu received a 1971 402 cid V-8 engine during its restoration. Professionally rebuilt less than 2,000 miles ago, it is stock except for a .510 lift camshaft. Power is transmitted through a 1971 TH400 automatic transmission with a floor-mounted shifter. The rear end is a 10-bolt unit with 3.08 gears, while new coil springs were also added. Fitted with Super Sport trim, the interior is nicely finished and original, save for the recovered split-bench front seat. The body was professionally restored with new metal as necessary and the gaps and finish are excellent.

Auction Estimate: \$15,000-18,000
